

Guidelines on Voyager-LCC online catalog

Voyager is the system we use to display our catalog which is available to the public online. It contains our entire catalog of books, periodicals, and other materials like DVDs and videos. It shows the location of the item, i.e. call number and which library it is in. To get to **Voyager**, go to the **library homepage** (<http://www.lcc.hawaii.edu/lib/>) --> **Research and Reference** --> **LCC/West Oahu Catalogs** on the left hand side under books.

The screenshot shows the HAWAII VOYAGER interface. At the top, there's a navigation bar with links: Library Information, Other Libraries & Databases, Online Resources, Request Forms, Your Account, and Help. Below this is a 'Select search Type:' section with three options: Basic Search, Guided Search, and Reserves. The main search area has a 'Search for:' field with 'alcohol?' and 'teen?' entered, and a 'Search in:' dropdown menu. A 'Search Limits' button is visible at the bottom right. Six callouts provide instructions: 1. Select Guided Search. 2. Input search terms. Use ? for root words with variant endings. Do not use quotations marks. 3. Select Boolean terms: "or" expands, "and" and "not" narrow the search. 4. See below.* 5. Search entire document or search by author, title, etc. 6. Limit search to LCC library.

*If you are searching a phrase, "any of these" will return documents with any of these terms. For example, Waikiki beach will return documents with waikiki or beach or both, but not necessarily in any order or together. "All of these" will return documents with all of these terms. For example, Waikiki beach will return documents with both these terms but not necessarily in that order or together. "As a phrase" returns only documents with the search phrase in that order together. For example, Waikiki beach will find Waikiki beach just as it appears here.
