

OCEAN 101 Schedule

SYLLABUS FALL 2002 (rev. 16ix02) Dr. Frank Stanton BS 207, 455-0286

Course name: MOP Seminar (OCEAN 101) (1 cr.)

Activities required outside of class time: Reading, library work, proposal writing

Office hours: MWF 8-9, 10-11 AM, or by appointment

Method of Grading:

Presentation summary reports 10 @10 pts each total 100

Written Proposal: outline 25pts, draft 75 pts, final copy 100 total 200

300

Grades will be earned base on the following distribution of total points:

A = 270-300 points

C = 210-239 points

B = 240-269 points

D = 180-209 points

F/N = less than 180 points

F/N policy: Students that come to all classes, take all the exams and turn in all assignments but still fall below the cutoff for a "D" can be granted a No Credit grade. Students who quit attending class and do not formally withdraw from the course (i.e. are still registered in the class at the end of the semester) will have their grades calculated based on the total number of point for the semester including all assignments that were not turned in.

Students are expected to attend all lectures. **Students must remain current with announced changes.** Handout will be given during the course to supplement the text. No extra credit options. I would rather see extra effort made on regular course requirements.

Cheating of any kind will not be tolerated. All work turned in must be our own work. Receiving or giving information during an exam, or giving information about an exam to a subsequent section will constitute cheating. **Plagiarism is considered a form of cheating.** Students caught cheating will receive a failing grade for the course and may also face College discipline action.

Students with disabilities who believe that they may need accommodations in this class are encouraged to contact the Coordinator of the **KĀKO‘O ‘IKE (KĪ)** program located in L-208 of Leeward Community College’s library building as soon as possible to ensure that such accommodations are implemented in a timely fashion. Call 455-0421.

It is the responsibility of the instructor to present the material to the students, to help the student understand the material and to evaluate (test) the student's learning. I do not give grades. Students **earn** a grade based on their level of learning. Every student has the opportunity of earning an "A".

OCEAN 101 PROPOSED CLASS SCHEDULE
